Vaibhav Pawar

7820939392 — vaibhavpawar3070d@gmail.com — https:/ http

Professional Summary — Passionate and results-driven Computer Engineering graduate with strong expertise in **Frontend Development, Web Technologies, Automation, and Data Analytics**. Skilled in building **responsive, scalable, and high-performance web applications** for startups and small businesses. Proficient in **React.js, Next.js, TypeScript, Python, and SQL** with hands-on experience in **automation testing using Selenium** and data analysis using modern BI tools. Currently expanding knowledge in **AI/ML and full-stack development**. Known for delivering efficient solutions, clean code architecture, and continuous learning.

Technical Skills

Frontend Development : Next.js, React, JavaScript, Tailwind CSS, TypeScript, Framer Motion.

Backend & Automation : Node mailer (Email Automation), REST API Integration.

Tools & Platforms : Git & GitHub (Version Control), VS Code, Vercel (Deployment).

Professional Experience

Front-End Developer

KINESIIS System Inc.

September 2025 – Present

- Developed and optimized reusable UI components using **React.js and Next.js**, improving application performance and responsiveness.
- Designed modern, scalable user interfaces using **Tailwind CSS**.
- Enhanced user engagement by implementing smooth animations using **Framer Motion**.
- Integrated backend services using **Node.js** and implemented automated email workflows using **Nodemailer.**
- Collaborated with cross-functional teams to deliver production-ready web applications.

Projects

Face Recognition-Based Attendance System

- Developed an automated attendance system using **Python** and **OpenCV** for real-time face detection and recognition.
- Utilized **Pandas** for attendance data processing and **NumPy** for numerical computations.
- Integrated **MySQL** database to securely store and manage attendance records.
- Improved attendance accuracy and reduced manual effort through automation**.**

PayPerfectHR Website (Freelance Project)

- Built a high-performance corporate website using **Next.js** and **TypeScript**.
- Designed responsive and modern UI using **Tailwind CSS**.
- Implemented smooth page transitions and interactive animations using **Framer Motion**.
- Optimized website performance for SEO and fast loading speed**.**

Gesture-Controlled Media Player

- Developed a touchless media control system using **Python** and **OpenCV**.
- Implemented hand gesture recognition to control media playback functions such as play, pause, volume control, and navigation.
- Improved accessibility and user interaction through computer vision techniques.

Education

Bachelor of Technology (B.Tech) in Computer Engineering

SSVPS College of Engineering, Dhule

Year of Passing: 2025

CGPA: 7.28

Higher Secondary Certificate (HSC)

SPDM College, Shirpur

Percentage: 79.80%

Certifications

- Web Developer Certification – QSpiders, Wakad, Pune
- Front-End Developer Intern Certification – KINESIIS System Inc.

Strengths

- Strong problem-solving and analytical skills.
- Excellent communication and team collaboration.
- Expertise in Next.js, SQL, and Business Intelligence tools.
- Quick learner with strong adaptability to new technologies.
- Currently learning Automation Testing and Advanced Full-Stack Development.
